Introduction

Blockchain technology is developing rapidly and its usage areas are growing day by day. Cryptocurrencies, which have a place in many industrial areas, are rapidly increasing their usage areas. Prize coin takes a place in a different section with the ecosystem that has created for itself in this area and we are rapidly developing our usage areas. Now let's examine the usage areas in the Prize Coin ecosystem;

Prize Coin Ecosystem

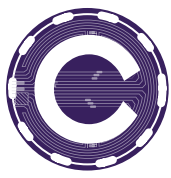

Games of Chance

Coin Prize can be used in entertainment and games of chance that appeal to millions of people. Prize coin, which allows users to make payments in games of chance and to participate in the competition, is actively used in this sector. With many games such as raffles, card games, wheel spins and scratch cards on the website, it provides its users to earn while having fun and to use prz coins.

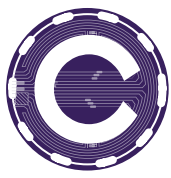

Mobile Games

The mobile game industry, which is a part of our lives and appeals to groups of all ages, is growing day by day. Prize coin is used in games on the play store and app store platforms in this area. It is used in many areas such as paid sales of mobile games, in-game purchases, in-game rewards, and agreements and developments are constantly continuing for its use in new games.

Some games where price coin is actively used; Coin Bouncer, Coin Crusher and Wdr Hunter..

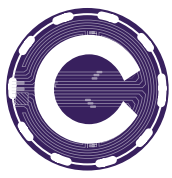

Computer Games

It is actively used in the purchase of games that appeal to millions of users in the computer environment and the games that users interact with online, and in the purchase of items for the game, and their integration is easily achieved.

Fee Payments

It is used to cover the fee of the agreed coins and tokens in the work of other cryptocurrencies or in the realization of all transfer transactions made online. The agreed coins and tokens are used in transactions mutually by ensuring that they are included in prize coin lottery, card game and wheel spin processes.

Prize Coin is a profitable project for everyone. It is designed as a solution where you can both earn and earn while responding to different needs and different types of communities. All these platforms will be at your service, and we are proud to offer these services to you. With the vision and mission of Prize Coin, our goal will always be to offer more opportunities to our innovative and valuable Prize business partners.
